

Transforming Consultation Services

for 
UPCAPITA

About the Client

UpCapita is a visionary enterprise committed to revolutionising the lives of individuals through groundbreaking technology solutions. With a steadfast dedication to improving daily decision-making processes, they seek to enhance the quality of life for everyone who interacts with its innovative products

Problem Statement

UpCapita recognised the need to create a platform that would empower end-users to access paid consultation services from qualified advisors through an efficient online system.

The challenge was to bridge the gap between individuals seeking expert guidance and the advisors willing to provide their expertise, all while ensuring a seamless and secure user experience

Business Solution

INT. took on the challenge and delivered a comprehensive solution in the form of a cutting-edge mobile application developed using Flutter. The mobile app served as a dynamic platform where end-users could easily search for and connect with their preferred advisors, seamlessly accessing paid consultation services online.

01.

Advisor Search

The application provided a user-friendly interface for individuals to search and discover advisors specialising in various fields, ensuring that users could find the right expertise for their needs.

02.

Secure Payment System

INT. implemented a robust and secure payment system, enabling users to make hassle-free payments for consultation services while safeguarding their financial information.

03.

Real-Time Communication

The app facilitated real-time communication between users and advisors through chat, voice, or video calls, ensuring convenient and effective interactions.

04.

Appointment Scheduling

Users could easily schedule appointments with their chosen advisors, making it convenient to access expert guidance at their preferred times.

Business Impacts

The implementation of INT.'s Flutter-based mobile application had a profound impact on UpCapita's business:

01.

Increased Client Base

The user-friendly and efficient platform attracted a broader client base, as individuals found it easier than ever to access consultation services from qualified advisors

02.

Revenue Generation

With each successful transaction facilitated through the platform, UpCapita generated revenue, further solidifying its position in the consulting service industry

03.

Enhanced User Experience

The intuitive and secure nature of the application significantly improved the overall user experience, resulting in higher user satisfaction and retention rates
